If you are looking for panoramic views, private garage, fully equipped kitchen, communal pool, concierge service and walking distance to the beach, this is NOT for you.

However, should you be looking for your own quirky getaway place with a central location in one of the most beautiful villages in Spain, with several shops and restaurants around the corner and where life doesn't get any more Spanish, well then this is IT. Extremely low fees is a bonus. Even though you don't live on the beach, you are only 20 minutes away by car, a stone's throw as we call it. Even though this house has a "cool factor" in itself it also has a lot of potential for those of you who want to make it your own....but let's start with a sensible offer.
