With sea views, on the hills of Limonar, is located the project, one of the most exceptional residential projects in the city.

Located in a unique place, in a cosmopolitan capital with its own personality, the cradle of culture and museums, Malaga is the main protagonist of the Andalusian Costa del Sol.

This city, founded by the Phoenicians, boasts an impressive historical legacy. During its Muslim period, the then-named "Mālaqa" managed to construct its Alcazaba, which today is splendidly preserved along with the Gibralfaro Castle. Other tourist attractions include the Roman Theater and its Cathedral, whose construction began under the reign of the Catholic Monarchs.

What was once a center for the textile and steel industries has today
